THE CALLANT KNIGHTS.

LAST NIGHT'S ENTERTAINMENT AT THE CITY HALL.

Addresses of Welcome—Excellent Music—Humorous Recitation by Mr. Arthur Love—An Address Upon the Aims and Objects of the Order by Supreme Record Keeper N. S. Boynton.

The entertainment and reception given last night in the Blue room of the city hall under the auspices of Artesian Tent No. 6, to the supreme officers of the Knights of the Maccabees was an enjoyable affair and a grand success in every particular.

The performance was commenced by the rendition of a musical selection, by Mr. Arthur Love on the violin, accompanied by Mrs. Love on the piano, entitled "The Mocking Bird," which was executed with variations, in a style peculiar to and original with the performer and to the delight of the audience.

Next on the programme was an address of welcome by Mayor C. C. McCulloch, who, in a short speech, tendered to the distinguished visitors the keys of the city and bespoke for them a hearty welcome by her citizens.

Mr. F. P. Cravens was next introduced and spoke fluently for lodge No. 6, and extended a cordial welcome to the supreme officers of the Knights of the Maccabees in its behalf. The speaker continued in a humorous strain which not only amused but edified all present.

He spoke of the boundless resources of Texas and extended again a hearty welcome to the distinguished "Michigan" for Waco which "with a little country tributary to it is Texas."

Texas went so far to show visitors of other states her resources that she sent a badger to the badger state itself and presented to a certain mayor of a certain city of Michigan, which, according to the statement of this mayor, so hoodooed the people of his city that they re-elected him mayor.

Next was a song by little Miss Mina Love, entitled, "Don't You Believe It, Dear Boys," which was one of the most enjoyable features of the entertainment. During the rendition of this beautiful song all was attention and every intonation of the voice of the fair little vocalist could be distinctly heard, and at its conclusion the applause was deafening and continued till Miss Mina again appeared upon the stage with an encore entitled, "Oh! The Boys." Little Miss Mina has, perhaps, not an equal in the state, for one of her age, as to sweetness of voice, force, expression and control as a vocalist, and if not subjected to too great a strain while so young may be expected to take an enviable stand among the renowned stars of national reputation in vocalism.

Mr. N. S. Boynton, of Port Huron, Michigan, supreme record keeper; was next introduced and made a lengthy speech upon the aims and objects of the order he represents, which was directed mainly to the ladies in proof that their husbands owe to them the duty of connecting themselves with fraternal organizations. He started out by eulogizing Texas and said if he was a young man he would not leave it at all, but would marry here and settle down on a Texas farm for life. He hated to leave Texas. He said he was glad to see so many ladies present, for he believed in advertising and that they were better for this purpose

than newspaper reporters—the whole town would know everything that was said before the next night. He showed that the opposition of the ladies to their husbands belonging to secret societies and attending "the lodge" was wrong and proved that they believed in such organizations without knowing it, and that every family was a secret society within itself. There has not been a single fraternal benevolent society ever organized in this country that has failed when founded on business principles. The Ancient Order of United Workmen, the Knights of the Golden Rule and other such orders have been dying for years. Yet they have grown and prospered. The Knights of the Maccabees was organized eleven years ago and not withstanding the fact that it has now over 60,000 members and has continually grown and prospered is, according to outside talk, is rapidly dying. The address throughout was interspersed with jokes and anecdotes and was highly entertaining.

A piano solo, "Patrol Comique," by Miss Mina Love, was next well rendered.

Then came Mr. Arthur Love with a comic song entitled the "Goose with the Golden Egg," which was excellent.

The programme contained a humorous recitation by Mr. Love, and that gentlemen, on account of the lateness of the hour, thought to shirk it, but the audience wouldn't have it that way and he responded in an impersonation of Josh Billings which elicited the wildest applause.

The chairman then thanked the audience for its attention and stated that the entertainment was concluded.

Pronounced Helpless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my Lungs, cough set in and finally terminated in Consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles; it has cured me and thank God I am now a well and hearty woman." Trial bottles free at W. B. Morrison & Co.'s drug store, regular size, 50c and \$1.00.

BLOOD POISON.

A destructive agent, that, like fire, consumes and annihilates life.

Is there a single particle of blood poison in your veins? Beware! Like the devouring flame, it increases in force and leaves only destruction in its track. Poison in the blood is due sometimes to contagion. Sometimes it is inherited. It ruins health, no matter from which source it springs. It feeds in a horrible manner on the flesh, and devastates every organ of the body. Pitiable in the extreme would be the condition of that man awaiting death from the effects of scrofula, syphilis, deep-seated ulcers, rotting of the bones, sloughing of the flesh, aching

BAD BLOOD

joints, etc., were there no salvation for him. But there is: for, although these conditions continue to grow worse if neglected, he nevertheless can be saved to a life of usefulness, and every trace of blood poison can be eliminated from his system and he be made safe from further suffering, and his posterity insured against the possibility of a fearful heritage, easily and quickly, if he will only use that infallible antidote for blood poison, Dr. John Bull's Sarsaparilla. It contains just such ingredients as nature has provided for cleansing the blood of every impurity, for restoring strength to the digestive processes, for assisting in the correct assimilation of nutrition and building up new tissue. Try it when other remedies have failed. It has never and never will disappoint any one. J. B. Morse, Clinton, Ind., writes:

MADE PURE.

"I was for many years affected with contagious blood poison. Portions of my flesh seemed to be fairly putrid and mortifying. My hair fell out, and I was an object of repulsion to every one. My breath smelled horrible, and I had catarrh so fearfully bad that pieces of frontal bones rotted and came out my nostrils. I lost the sense of taste and smell. I became a veritable bag of bones, and weighed only eighty-nine pounds. I could hardly sleep from pain, and was so weak I could hardly walk. The doctors said I could not live many months. A druggist persuaded me to try Dr. Bull's Sarsaparilla, and strange as it may seem, that remedy saved my life and brought me back to health. I now weigh 130 pounds, and free from pain and sores, and although I have deep scars where sores were, I consider myself in excellent health."

Don't wait for your child to have spasms. Remove the worms at once with Dr. John Bull's Worm Destroyer.

My wife had chills and fever for nearly a year. At last Smith's Tonic Syrup broke them up, and I now prescribe it in my practice.—Dr. A. W. Travis, Silver Lake, Kas.
